May 14, 2019

Dear CHACE Regional Partners,

As election season draws near, CHACE is working to identify partners who are willing to host forums discussing affordable housing needs for candidates for the Virginia General Assembly.

Ideally we'd like to see forums take place in all regions of Virginia to truly elevate the issue of housing affordability throughout the Commonwealth.

While we would not host the forum, CHACE is happy to support the efforts of the host in the following ways: sharing our materials for distribution, helping to draft housing related questions for candidates, and promoting the event through our social media channels and network of housing-related organizations.

Please let us know if you plan to host a forum and how CHACE can be of help.

Thank you for your consideration.

~The CHACE team

Contact Molly Jacobson, CHACE Program Coordinator, with the details of your forum.
